New Jackets!... and Other News

The Bowie Family Dental team now have personalized, embroidered jackets. We hope to see you out and about.

In other news, we are continuing our construction endeavors. The reception area was redesigned with a new restroom that is accessible from the lobby area. Outside, we poured concrete around the building and replaced landscaping. To top it all off, we are even nearing completion of a new treatment room. We look forward to many more changes to come in order to efficiently utilize our space.

New Patient Offer

Calling all new patients! Bring this newsletter to your first appointment so you can reap the benefits of this special offer.

Please note, that regular fees for initial exam, x-rays, and cleaning must be **paid in full** and completed at our office beforehand.

Offer not valid with any other promotions.
Valid through **June 30th**.

National Children's Dental Health Month

Celebrating National Children's Dental Health Month in February was fun work, if you want to call it work! We offered free sealants to kiddos who came and saw us during the month of February. Even though the offer is gone, we love to see your kids or the whole family. Keep a look out for future special offers. Also, remember to help your kids brush their teeth too. Good oral health starts with you!

Arizona Mission of Mercy Volunteer Cheer

Blast back to the past: 2018. We can't express how grateful we are to have experienced another amazing opportunity helping out those who do not have access to dental care. If you are interested yourself, look out for the event in Flagstaff June 7th and 8th of this year. We met tons of amazing people, both patients and volunteers. Now who thinks they can beat Dr. Bowie's victory cheer?

No Insurance?

We have financing!
